SOUTHERN CALIFORNIA TURNS OUT ENMASSE FOR THE DISTINGUISHED VISITOR

PHOENIX, Ariz., Oct. 12.—A reception committee of 500 representatives of all the important southern Arizona cities will greet President Taft on his arrival here Wednesday. The train will pass through the city early and stop two blocks from the capitol to which place Taft will be escorted by six companies of the national guard.

The official greeting will be extended by Governor Sloan in the presence of an audience which will be admitted only by card. After the brief formalities the party will enter autos going to the city hall plaza where the president will address the citizens and visitors. After this he will be driven through the irrigation section of the valley. A stop will be made at the Indian school.

Taft in Flower Land.

LOS ANGELES, Cal., Oct. 11.—Taft arrived in the hospitable flower land of southern California today and received a greeting characteristic of enthusiastic citizens. He first visited the harbor and had a sail for an hour and a half inside of the government breakwater. Returning to the city he was taken in an auto for a drive of two hours, during which he passed through crowded streets and his hat was continually in his hand acknowledging the plaudits of the people.

Talked to Children.

The president passed in review of many school children and made them an address in which he sought to inculcate the lesson of patriotism, teaching them what the flag meant to them and their understanding of liberty.

This evening he was guest at a banquet in the shrine auditorium which in point of numbers and lavishness of decoration and sumptuousness of the repast, proved one of the outstanding features of the entire trip to the west. The president's visit to Los Angeles primarily was arranged with a view to spending a day or two with his sister, Mrs. W. A. Edwards.

She is the first relative he has met on his long journey. He rested at her home a short time this afternoon and retired there tonight.

Meantime he was in the hands of a committee which gave him an opportunity to see nearly the entire population of the city, increased by thousands of visitors from all this end of the state and from Arizona.

Tomorrow Taft will be taken in an auto to Pasadena through the famous orange districts of Riverside.

Ready for Arizona.

Late tomorrow night he will start east on the latter half of his long trip, entering Arizona via Yuma.

SAN FRANCISCO, Cal., Oct. 11.—The fight against the anti-race betting law will center in Oakland this autumn, according to a telegram received by Percy Treat from Thomas Williams, president of the new California Jockey club.

Williams wired from New York that the new California and Los Angeles clubs had pooled issues. There is little likelihood of any racing at Arcadia, however.

Racing will begin at Emeryville November 20. Williams said the horsemen would be guaranteed 60 days racing and no purse will be less than \$50.

STENOGRAPHER'S SLAYER SENT TO ASYLUM

By Associated Press.
SAN FRANCISCO, Cal., Oct. 11.—That James Cunningham was insane when he shot and killed Caroline Brach, a stenographer for Gray Bros. Construction company, after a dispute over his pay check last June, was the decision of a jury today.

Insanity commissioners reported Cunningham incurable, saying he is suffering from a hallucination that he is a son of God and that all women are in love with him. He was committed to the insane asylum.

The dredgers working in the sloughs not delayed long, however.

Taft surprised the members of the committee by displaying an intimate knowledge of the harbor works.

Suspects Jailed.

Six Mexicans were arrested yesterday for making public utterances and denunciation of Presidents Taft and Diaz. They are still in jail and will be held in custody until after the two executives meet at Juarez.

BALD PIRATES ARE WINNERS ONCE MORE

By Associated Press.
DETROIT, Mich., Oct. 11.—In an exciting game ending in a downpour of rain, Pittsburgh won from Detroit in the third of the post-season games for the world's championship.

The score—
Pittsburgh 1510 000 002—8 11 2
Detroit 000 000 402—6 11 3
Detroit did not score until the seventh when rain began falling and the ground was so slippery and it was so dark overhead that the players could hardly see the ball. Detroit then got four runs and in the ninth added two more.

Pittsburgh got five in the first, one in the second and two in the ninth. Summers, who started to pitch for Detroit, was taken out during the first inning after Pittsburgh got four runs. Willetts took his place and in the eighth gave way to Works.

Maddox pitched for Pittsburgh and held the Detroit team down till the seventh.

Many thousands saw the game, many sitting in exposed places on the bleachers while others were standing on the field in the rain.

The grounds were slippery and the atmosphere chilly. The game was delayed to nearly 3 o'clock before beginning. In the first inning Pittsburgh but five runs by very heavy hitting.

In the second Pittsburgh got one but Detroit went out, one, two, three. In the third neither side scored.

In the fourth Pittsburgh got none and Detroit none.

In the fifth Bush messed Clarke's grounder and Clarke got to third but no runs were scored by either team.

In the sixth none were scored.

In the seventh Pittsburgh got none but Detroit made four.

In the eighth neither team scored. The rain at this time was falling steadily and the players were sliding about in the mud.

In the ninth Pittsburgh made two more runs. Cobb made a circus catch of Miller's fly, turning a somersault and coming up with the ball in his hand. Detroit made two also but Pittsburgh landed a winner.

Two sensational catches by Cobb were the features of the game.

HAVANA, Oct. 11.—A storm of hurricane proportions struck this city today and raged for hours. No fatalities are reported but the property loss is enormous.

Many craft in the harbor sunk. All telegraph and electric light wires are down and not a tree is left standing in the city.

WASHINGTON, D. C., Oct. 11.—A hurricane, which will probably pass northward over Florida is indicated by the weather bureau. The wind is blowing fiercely.

The hurricane is fast approaching Key West. The wind is blowing 68 miles an hour. The observer at the

The reverses are the result of an election two years ago when the anti-saloon people forced Sunday closing by a majority of 60.

DECISION WILL BE GIVEN IN CRANE CASE

By Associated Press.
WASHINGTON, D. C., Oct. 11.—Tomorrow will probably see the determination of the question of whether Charles Crane will resign the post of minister to China or be permitted to resume his journey to Pekin.

Silence was maintained today. Secretary of State Knox and Crane would not discuss it. It is believed the whole matter will be referred to President Taft. Much discussion has arisen here regarding the possible effect of the relations of the United States and the premature announcement of a possible protest by this government against the China-Japanese treaty for which Crane is held responsible.

By Associated Press.
HARTFORD, Conn., Oct. 11.—In the coffin he hewed from a sycamore 45 years ago, the body of K. W. "Black Horse" Jones, an aged recluse, was buried in a tomb built by himself from rock he quarried in the hills 30 miles from a lonely ranch. The unhappy ending of a romance made him a hermit. He owned oil lands which made him wealthy.

JACK JOHNSON KNOCKED DOWN BY SAILOR

MAN WHO IS TO MEET JEFFRIES (?) IS SENT SPRAWLING BY A COMPARATIVE AMATEUR.

By Associated Press.
SAN FRANCISCO, Cal., Oct. 11.—Responding to Champion Johnson's offer to meet all comers, "Gunboat" Smith, a seaman on one of the United States cruisers anchored in the bay, appeared at training quarters and scored a clean knockdown in the last round of a four-round go.

Coming out of a clinch he swung a right overhand chop that caught Johnson square on the chin, sending him sprawling. The big negro was so dazed when he got up that his manager cut the round short. The spectators were highly excited and cheered the sailor vociferously.

MILLIONAIRE IS LOSER ON APPEAL

By Associated Press.
NEW YORK, Oct. 11.—The United States circuit court of appeals affirmed today the decision of the lower court sentencing Charles W. Morse to 15 years in the federal penitentiary at Atlanta.

At the offices Morse's attorney stated that the case would be taken to the United States supreme court. Morse took the news of his decision calmly and went with the marshal to prison without handcuffs. One of the financier's keenest regrets at being forced to return to prison is the interruption of his beaver-like struggle to rebuild his fortune. During his liberty under bail he had been elected to the presidency of the Metropolitan Steamship company and the Hudson Navigation company.

Morse is credited with having met the bulk of his debts. The court of appeals granted a stay of execution of forty days to permit of the presentation of his case to the supreme court.

POLITICS WERE MOTIVE FOR ACTION IS BELIEF

Judge Issues a Statement When Argument On Case is Concluded

PRESIDENT TAFT, ROOSEVELT AND OTHERS INTERESTED IN FINAL OUTCOME

By Associated Press.
INDIANAPOLIS, Ind., Oct. 11.—That the so-called "Panama libel case" was more or less of a political nature, was the comment of Judge Anderson of the United States district court at the close of the argument today in the case of Charles Williams and Delavan Smith, proprietors of the Indianapolis News, whom the government is seeking to have removed to the District of Columbia for trial.

Judge Anderson said he did not wish to be understood as having formed premeditatedly his opinion but desired to point out the trend of the argument so as to bring out whether this was not the probable cause of the indictment of the journalists for criminal libel.

The basis of the action was articles which intimated graft in the \$25,000,000 sale of the Panama canal zone to us by a French company.

The judge declared he doubted if it could be shown that the defendants had any malicious forethought to constitute libel.

Roosevelt Mentioned.

Theodore Roosevelt, Charles P. Taft, President Taft, William Nelson Cromwell, J. P. Morgan and others were mentioned in the articles.

"The press has a public duty to perform," Judge Anderson said, "and in political discussions it seems to me a conception of libel should be different from the conception in the case of libel on private persons."

Judge Anderson added that if a set of Americans went to France and bought securities from the French Canal company for \$12,000,000, as alleged, and then sold them to the United States for \$40,000,000, it should be "regarded as a nasty piece of business," but in no sense a crime.

C., Oct. 11.—The National Geographical society has responded to the proposal of the Peary Arctic club and adopted a resolution agreeing to join the American Geographical Academy of Science and appoint a commission to examine the report on Arctic records and the observations and data of Peary and Cook.

JAPANESE CRUISER ARRIVES.
